

# GEORGE HADY

## PROFESSIONAL SUMMARY

I possess strong knowledge in object-oriented programming, software development and design, web development, and database management. I am a motivated individual with an eagerness to learn and develop my skills further. I am a strong problem solver and communicator, with an ability to learn quickly, as well as a dedication to producing quality results. I am also passionate and driven when it comes to learning and developing new technologies and tools. I am confident that I can bring value to any organization that I join.
