# Q3a -- GUI Counter
Circle Manager

Create the CircleManager, i.e. see the GUI view shown below in Figure 1. The default radius should be set to 50

Use a myStyle.css file to style the gui components.   Limit the radius to 100px. The APP is 400 x 400 px.

Match the product shot in figure 3 EXACTLY.

Figure 1 Product Shot

Figure 2. The Class Diagram

The Blue area is a canvas of graphicscontext type.   Include the following imports:

import javafx.scene.canvas.Canvas;
import javafx.scene.canvas.GraphicsContext;
